W.W. Clyde & Co. - Piute Dam Quarry - S/031/008

Jim: We received a new notice from W.W. Clyde for mining Basalt, which will be processed into riprap for the Piute Dam Rehabilitation Project. This project is located on federal land managed by the BLM. We have been informed that this proposed project is located in a previously disturbed area that been disturbed since around 1920.

A copy of the notice will also be faxed to you for your review. Thank you for your response within the required time-frame.
